

ALTERNATOR BRACKET KITS

Serpentine and V-Belt

NEW Low Cost Custom Series designated with -09 number
Finished in Silver Powder Coat

Precision CNC machined from solid billet 6061-T6 aluminum to fit perfectly and handle high torque and vibration. These kits come complete with stainless steel tensioning rods and chrome moly rod ends.

- **ULTRA** brackets feature a hand polished finish, show quality contours and March's own non-polishing clear powder coat.
- **DELUXE** brackets feature a hand polished finish, strong lines and March's own non-polishing clear powder coat.
- **CUSTOM** brackets are the same as Deluxe brackets but with a silver powder coat.
